Raytheon Beechcraft Premier I

Mid size cabin aircraft

This business jet has a remarkably designed cabin, sufficiently spacious for you to be immediately at ease; there's also a cargo bay for bulky luggage. You take advantage of its very flexible use: choice of timetables, airports, even hard to reach places in Europe, a cabin conducive to conversations in total confidentiality. You can travel without connecting flights, whether it be to go from Paris to Paderborn or from Lyon to Valencia.
